

NIA J4

Dad, I never said anything to you about anything. I'm not just saying things, I'll do them. Just give me a gun where I can stick it in my bosom and let me go. I'm for real. FBI picked me up before and had me in jail trying to make me talk. I'd die for this cause. I know places to go in L.A. What they had me in jail for was my dead sister's 2 kids. FBI said I kidnaped them. I never told them anything. I've had a gun since I was 13. I know how to use it.
