

Dad:

I would like to help plan it out for our seniors (or whoever) ^{or myself} is going to get them ~~out~~ ^{out}. Because I have been thinking alot about this and ~~was~~ ~~is~~ one of the things I was thinking was that when this is done one way we can get the main one is to have someone follow them around for awhile and find out some of the main places they hang out. (Not the ones who are going to ~~get~~ ^{get} them But some other ~~for~~ people and not the same person everyday). This is how the ones that were ~~involved~~ ^{involved} in Kennedy's death ~~involved~~. And something different should be plan out so it ~~was~~ ^{would} be like each one killed each other or died of natural causes. Also they are to observe ~~how~~ some of the things they like, things to like to do and things they like to see.
