Step 1 these four people run off for H.T. with  
their passport and three pounds be  
Ruby and I } these three and they stole some  
and } paper of very importance and run off  
3 other } to port of Spain and then to New York  
to do this } I would do it this way. go to ~~port~~  
job and } mini Drive across country to meet  
Come } them some place that we could ~~set~~ set  
Back } up. I do not know if my child could  
here } be count on to help in any way  
Dione } and we would need Jenn Brown & Sonia  
Juniper } help on the other end. I will get Jennie  
sister } mill and here children and I know  
would } that Grace will be look for some one  
be better } else and she will be fun and  
run right to us and the money  
that they give us will bring us  
Back I know the sum of 500,000  
if I had a change of heart and try  
to help ~~out~~ others before they leave  
the state. I think that we should  
to play in ~~miniac~~ <sup>miniac</sup> for a post get away  
and there is a chance that our Boat  
could be near by to help us out  
and I think that any one go do this kind  
of job should make a pack that if any  
one try to run kill here or him

there is more
