

Dad,

NIB 26

I suggest the following as long as direct
murder or not psychological now:
1. do to the conspirators;

- a. ransack house
- b. several near misses in traffic
- c. destroy the car (slash tires, break windshield)
- d. inkshot through the front window from an unknown passing car

2. if we can manipulate the newspaper:

- a. print their criminal history
- b. print the truth about their activities
- c. print their pictures so that those who might become conspirators can see who they are
- d. paint splashed car, house

f. robbery

See prison

P.S. what can I do?
