

Dear Jim - Sebastian + I talked it over
this P.M. we would like to set up an
assassination team to go to the U.S. + wipe
out the traitors when our people get here.
Also, Jim, I would like to help investigate
the traitors + check out the details of Chris
death + other things. I can go to work as a
journalist + with my press card get top
police information. It is easy for me to
check people out. I can go on with
the Oakland Tribune again for Robert
Gendreau's activities - getting a press card +
thus having a big stick in the Bay Area.
Sebastian is on security now but we are
going to work out plans for an assassination
team.

Thank you, Jim
