Don gave me no idea to do
today - she spent most of the
day on the computer here, working
on 2 items which she considers
too difficult for her & me - one was
another litigation item - Butler has
needed an another format which
had to be used, and in addition, the
copy was difficult to work from - the
other item was a table of contents
to the very meter contract, which
Hollnath wanted in an unusual
time - consuming form - either of
those items should have shown
us how to do, but Don has too many
not to delegate, who

Mary did have an ATG job for
the time

Don told me Jim Collins had
to be prep for the later part of the
because it has been taken over by the
legal dept, who are having so much
trouble establishing a suitable format

I may buy a floor lamp & a half-size mattress for the apt & I got advice from others as to where I might find the former - I now left eating my lunch at my desk, I walked up to 3rd St. where Kate Weller told there were some second-hand furniture stores, but I find they had only office furniture. - I was told, however, of a lighting equipm. store on Mission St. at 6th & 7th - Kate offered to help me bring a lamp home if I had what I wanted, as she has a car.

When I got home Tom I washed & mended my dress - started out to go for dinner at Tom's place night when I got a note w/ Tom Partach who had but Chris had come down to stay w/ Steve. Steve who is ill - when I arrived at the TC I find that almost everyone had left for the Democratic rally & the time I ought to watch the Ford-Carter debate for a while.

I was given a plate of macaroni salad & a quarter of a potato, & finding that I had never eaten as a Communist member.

At a time of these jammed, who spent others had driven down from the Valley, to the rally.

through hist. - they are wiped out - some
of you are going to get shot and be left to
die on the desert (apparently given in LA)
