

16 Oct - 5

We arrived at Button Willow at 7¹⁵
& stayed about an hr

I ran, started my lunch - Viola
Goodrich had told me last night
she'd like to opt to me, so I found her
& talked w/ her - I had been afraid
she had had more trouble w/ Rocky &
was going to ask if she move in
w/ me at my room date - altho I
like V, she is rather talkative &
thing of her things & perhaps other
needs might be time - concerning,
but I wd have found it hard to
refuse her, esp. as she & Ray had
been good to me when I was new
in the Te - I had been right about
trouble w/ Rocky - R. had had rude
& unfriendly w/ a # of women in her
80's & J. had argued w/ her - later,
however, R. had apologized to her -
V. sd she didn't want to trouble the
Te to move her when they had
so much to do

I ran the nap, then slept
We arrived in L.A. at 11¹⁵

I changed clothes on the bus

Had enough time to eat - had
at the Te - had shredded bread &
a piece of a cinnamon roll

Sat in the back of the Te - wrote
in my journal

Had my first Te for a while -
membership card in the car, as I
had had my previous one - still in charge of the Te

The serv started at 2:00

Tables were arranged - other items
seemed sparse & responses were
slowly

Norm asked for a few minutes on
everyone to handle a man who had
to be taken care of immediately - response
seemed good

Robb then asked for food donations
for Tom's dinner

Norm made it a point for the
in donating the Te - signed the check
for completing

Norm described the case for the
p.l.

Norm then offered to sum
