same thing, made that of reporting  
the man considered crippled

Dr. Vera Young, flips out in other kind  
to him flips out in other kind - he says  
that he has not to persons that - he  
says he can not do things, no gestures -

is caused by hostility & he would be  
intimidated by it - he says I hope  
in connection - several have been hit -  
Vera says she minute noted in her  
etc as a consultant in the morning -  
I had told her to be kind to him, she  
knew he was suicidal - I said  
because of his narcissism - she said  
to tell her she felt - she said she  
he got no commitment - she said  
words in it - she said she had  
them him - I asked her  
had she felt - she said she  
she still thinks she is not  
& really wants a relationship with him -  
he would not talk to him - I said
