

16 Aug - M

I slept until 7 or 8 - the room I was in was so dark I didn't see anything - Dor & Eddie were already up

I had some cantaloupe & Sanka

We spent most of the morning talking - Dor told us of Paul's wedding & the bride was Polly Williams & Dor had some insight - it had been a simple wedding conducted by a Unitarian minister in the garden of the parents' house in N.J. - Polly's father is well to do -  
x Paul has his own business designing buildings

Dor's chief topic was her affiliation w/ the College of Mary O'Hair's atheistic grp - she still dislikes the Te's identity as a ch. tho she is not bitter about the incident in Chic summer by last - she fears being the object of Jo's "occult" abils.

Both Dor & Eddie warned me to avoid disc of J & the Te w/ Thabs - They are concerned about her mental condition - They think she is drinking too much, but she has too few interests -

They think she should get rid of her  
hulsa + do not understand her reason  
for keeping it - her friend's sit. is not  
good but ~~not~~ desperate - I promised to  
be careful in disc w/ huls

^ The three of us went for a short  
walk w/ Eddie's 3 dogs - the weather  
was idled

We had a light lunch

11 ↓ Eddie has rented the downstairs -  
portion of her homey bedroom + bathroom  
to a new teacher at her sch, a young  
woman - the arrangement will give <sup>her</sup> Eddie  
more secur.

Eddie intends to retire in perhaps  
another yr - she will get a pension  
from her sch. adminis.

We drove to Denver, stopping at  
a shopping ctr on Hadsworth to  
make a few purchases - I got some  
zippers for my 2 dresses w/ Eddie's  
advice - Denver was very hot

Eddie drove through Caroma  
where we had lived as child + we  
looked at famil sites - she + Ben  
remembered them better than I did

We had dinner at Stouffer's  
\* rest. on Colorado Blvd in the

16 Aug - M-2  
airport - we had salmon - we think  
too much attention had been given to  
my embellishments; the food was not  
extraordinary - prices were high - we  
paid \$8.50 for the entire abode - then  
paid for the dinner

at 8:00 we picked up tabs at the  
airport - we found her right away altho  
we had not been certain of the  
airline nor flight no

tabs was in a good mood tho her  
complexion seems muddy & she has  
gained weight - she was happy be-  
cause Miranda has just taken a job  
in Washington w/ some experimental  
agric. prog. of the govt, starting in Oct -  
the climate in Montreal is hard on  
her - Tego is fine - he suffers from  
allergies & has to have a restrictive  
diet - she says he has a hot temper -  
he has like Matthew

X We spent some time in getting out of  
town as Eddie th the wrong side

11<sup>2</sup> tabs is still smoking heavily  
We went to bed at 11<sup>00</sup> - tabs slept  
in the same room as I
