

17 Aug - T

I slept soundly <sup>through</sup> the first part of the night, woke at 4 AM & didn't get back to sleep - Mabs slept rather restlessly

I got up at 5:30, made some lunches, that I wd make girl entries - but Mabs joined me & we sat talking until Eddie & Dor got up. We had toast & eggs for breakfast

Then we had dressed we went in the car w/ Eddie driving us to see set of her friends in the locality, to her school to meet her principal, whom she likes very much, to the vet w/ one of the dogs who was limping on one foot - we had a hamburger for lunch - Mabs & I shopped for food for tea. While Dor & Eddie went to the beauty salon & had their hair done

From what convers I have had w/ Mabs, she is not as opposed as Dor to bel in some form of spiritual power, but she does not think highly of J's extra sensory

perceptions - however, she is very concerned about soc. issues & agrees w/me about the harmfulness of the present soc. sys.

On our rd we visited another of Eddie's friends - I had 2 glasses of Scotch & was very tired

I slept for an hr & a half

He a shower while he told the others of some of her relationships -

Eddie had borrowed a projector from the cops & showed the photos I had given her of her, Paul, Edna & Edna, Quince, McArthur, Mother & the ranch

He had dinner which Edna prepared: T-bone steak, baked potato, mushrooms, Toms - I had paid for the food

He told of the trial & sentencing of the man who attempted to rape & murder her - he "copped a plea" was sentenced to seven yrs, in which he served two - she does not think he was rehabilitated

Mats told of some of her affairs
